SESSION -(2025-26)

Class - V

"SOME OF YOUR BEST IDEAS COME WHEN YOU ARE ON VACATIONS ."

DEAR STUDENTS

The much-awaited summer vacation is here again. Yes, it's a break from studies, early mornings and tests. It's also the time for fun, watching television, visiting new places and meeting your near and dear ones.

We wish that you enjoy every minute of this long break with your family and friends. It will be great if you are able to find time to visit museums and monuments, earn new things, explore new areas near your house, play indoor and outdoor games, read as many story books as you can, help your parents and grandparents, go for morning walk and play in the park in the evenings during your long summer break.

Remember, most importantly, it is the time to inculcate good reading habits. So, read plenty of books and newspaper on a regular basis. I would encourage every child to develop healthy reading habits in order to be relevant and smart. **Read- Reflect- Share- Act** should become a habit.

Work on vocabulary enhancement. Pick up new hobbies. Watch informative programmes on National Geographic and Animal Planet. Work on building up your strengths. Don't forget to lend a helping hand at home.

We are giving you a variety of fun-filled activities and worksheets which you can do during the noontime. Do them neatly and submit the worksheets to your teachers after the vacation. Wishing all of you a very enjoyable and fun-packed vacation .

Relax, Enjoy, Have lots of Fun and Come Back Refreshed !

See you on , 2ND July 2025

WARM WISHES

(MRS. SUNITA MADDAN)

PRINCIPAL-CUM-ARO

English

1. **Do 1 page of handwriting daily only for ten days. Do it neatly and try to improve your handwriting.**
2. **Do pages 118-127 of your ENGLISH PRACTICE BOOK.**
3. **Learn the syllabus done before summer vacation .**
4. **Prepare yourself for Unit Test to be held in July 2025.**

Syllabus for Unit Test :-

My English Reader (L- 1, 2)

English Practice Book (L- 1, 2)

Read 1 to 5 stories from the book TENALI RAMAN for Bonus Marks .

Read the following passages and answer the questions that follow.

Passage 1

Physical and mental stress makes us sick and tired. Yoga helps us to lead a healthy and stress free life. It also guides us to adopt right eating habits . Yoga is a part of ancient Indian culture . In recent times it has become very popular in India and all over the world .Yoga teaches various Asanas (postures) to build energy , tone our muscles and keep our body fit . Yoga does not require any expensive equipment or venue. It can be practiced any where , at any time of the day .Pranayam regulates breathing and relaxes our body as well as mind . It also cures breath related problems and stress related disorders like anxiety and depression.

1. Answer the following questions.

- a) How is Yoga helpful to us?

- b) What kind of yoga does relax our mind and which types of mental disorders can be cured by it?

c) Write True/ False for the following statements.

- a) Yoga is popular only in India. _____
- b) It does not require any expensive equipments. _____

d) Find the antonyms of the following words from the passage.

- a) Healthy _____ b) Modern _____

Passage 2

Elephant is the only animal with a trunk. It uses its trunk in many ways. It pulls leaves of the trees with its trunk and then puts them in its mouth. It can even use its trunk to get water. The trunk can hold a lot of water as an elephant needs to drink more than three pints of water every day.

When an elephant is angry, its trunk can be dangerous. The tusks of an elephant are its front teeth. People pay a lot of money for ivory of an elephant's tusks. The ivory from tusks is made into jewellery and many beautiful things. It has been easy for men to train elephants in Asia. They use elephants to carry heavy things for long distances.

Answer the following questions :

a) How does an elephant use its trunk? Write two uses.

b) How much water does an elephant need everyday?

c) Why do people pay a lot of money for ivory of an elephant's tusks?

Complete the following statements.

a) Elephants are used in Asia to

b) An elephant's trunk can be dangerous when

Find antonyms of the following words from the passage.

a) Less b) safe

Passage 3

The forest conservation act was enacted by the Indian Parliament in 1980. According to its rules, the indiscriminate cutting of trees in forests, is a punishable offence. Many areas in India have been converted into National Parks and Wildlife Sanctuaries to protect the forest cover and the animals that live in the forests. A national park is a reserved land usually declared and owned by the national government . It is a protected from most human developments and pollution. A sanctuary is also a reserved area in which birds and animals are protected from hunting. A national park differs from a sanctuary in that no human activity is allowed inside the former , while limited activities are permitted within the latter. National parks receive

more financial support from the Central Government. The Gir National park in Gujrat is probably the only place in the world where the Asiatic lion is protected so that it can live in its natural surroundings .

Answer the following questions.

a) What is an offence according to the rules of forest conservation act?

b) What is the difference between a national park and a wild life sanctuary?

c) Complete the following sentences.

a) National parks receivefrom the Central government .

b) Theis protected in the Gir National Park.

1.3 Find the antonyms of the following words from the passage.

a) artificial _____ b) unlimited _____

Make abstract nouns from the following adjectives and fill in the blanks given below.

- | | |
|----------------------|-----------------------|
| i) dark _____ | ii) intelligent _____ |
| iii) Innocent _____ | iv) brave _____ |
| v) true _____ | vi) angry _____ |
| vii) beautiful _____ | viii) happy _____ |
| ix) strong _____ | x) cruel _____ |

Complete the sentences with suitable abstract nouns:-

- i) I love children for their and purity.

(R. No. 1-33)

हिंदी

ग्रीष्म अवकाश का पहले कार्य है- लेख में सुधार।

“ जिस प्रकार मोतियों को धागे में पिरोकर माला का रूप दिया जाता है उसी प्रकार आप भी शब्दों रूपी मोतियों को एक माला का रूप देने की कोशिश करें क्योंकि कोशिश करने वालों की कभी हार नहीं होती।”

- किसी भी टी वी चैनल से प्रसारित होने वाले समाचारों को प्रतिदिन सुनें (15 मिनट) अर्थात् एक बार एक बुलेटिन सुनें। उच्चारण पर विशेष ध्यान दें।
- समाचार पत्र पढ़ें और प्रतिदिन (10 दिन) संज्ञा ,सर्वनाम, क्रिया, विशेषण ,पर्यायवाची, विलोम शब्द छांटें। प्रतिदिन (2- 2)
- बोनस अंक के लिए प्रचलित लोक कथाएँ पुस्तक में से 1 से 5 कहानियाँ पढ़ें ।
- इकाई परीक्षा की तैयारी करें।

इकाई परीक्षा पाठ्यक्रम - पाठ 1 से 3 (भाषा माधुरी + भाषा अभ्यास)

Activity (1) :- Make a grid and fill up numbers 1 to 100 as shown below:

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Observe the pattern and answer the following : -

- 1) Put a red circle around the multiples of 6.
- 2) Put a blue circle around the multiples of 9.
- 3) Put a yellow circle around the multiples of 16.
- 4) Put a green circle around the even numbers which are also the multiples of 9 .
- 5) Put a black circle around the multiples of 7 which are odd numbers

Activity (2) :- Do this activity on A4 sheet Roll No. (1 to 19)

Write the population of Haryana, Punjab , Himachal Pradesh, Uttar Pardesh and Rajasthan

1. Arrange the population of these states in ascending order.
2. Write the number names according to Indian and International place value system .
3. Write the highest and lowest populated state name (from above mentioned states)
4. Write the successor and predecessor of the population of these states.

Activity (3) :- Do this activity on A4 sheet

Roll No. 20 on ward

Yoga is the best gift to health given by the Indians. The entire world is benefitting from it. Maths plays a vital role in the yoga asanas. Paste the above-coloured picture of yoga asanas on an A4 sheet and find the various types of angles made while doing these yoga asanas.

- **Prepare chapter -1, 2 and 3 for your Unit Test.**
- **Make a pocket diary of tables 2 to 15 up to 15 .**

Assignment

Chapter -1 (Numbers upto 99,99,99,999)

1. What is the place value of 9 in 98,765,432?
2. What is the value of the digit 3 in the number 3,456,789?
3. Which number is smaller: 98,765,432 or 87,654,321?
4. Write the successor of 67,78,456
5. What is the difference between 99,99,99,999 and 45,67,89,123?
6. Compare the numbers 78,92,56,430 and 78,92,56,403. Which one is greater and why?
7. Write the smallest number using the digits 3, 7, 9, 2, 5.
8. Using the digits 8, 2, 5,4,3, 9, 1, 4 (each digit only once), form the largest and smallest 8-digit numbers. Write them in the Indian place value system.
9. Find the sum of the place values of two sevens in 34,76,45,987 .
10. A company earned ₹67,89,45,210 in the first year and ₹56,78,90,345 in the second year.
 - A) What was the total earning in two years?
 - B) How much more was earned in the first year than in the second year?

Unit -2 (Operation on large numbers)

1. The population of a city is 98,76,543. If 23,45,678 people moved out, what is the remaining population?
2. Ram is a kite maker. In one season, he sold 56,565 red kites , 46,475 blue kites . How many kites did he sell in all?
3. Find the sum . 4,56,789 ; 46,56,575 and 21,23,456.

4. Subtract.

45,36,353 from 98,67,454

5. Find the product.

4645×574

6. Find the quotient and remainder.

$374949 \div 65$

7. A factory produced 34,567 toys in one month and 28,345 in the next month. How many toys did the factory produce in total?
8. A library had 85,000 books. 23,456 books were borrowed last month. How many books are still in the library?
9. A box contains 325 pencils. If there are 125 such boxes in a store, how many pencils are there in total?
10. A farmer harvested 48,000 apples and packed them into boxes with 120 apples each. How many boxes did he use?

Unit -3 (Multiples and factors)

1. Write all the factors of 24.
2. Is 17 a prime number? Explain why.
3. List all the factors of 36 that are less than 10.
4. Find the Highest common factor (HCF) of 12 and 18.
5. How many factors does the number 16 have? List them.
6. A number has exactly three factors: 1, 7, and 49. What is the number? Explain your answer.
7. Find the product of the smallest and largest factors of 30.
8. List the first six multiples of 12. Which of these multiples are also divisible by 4?

9. Find the least common multiple (LCM) of 15 and 20. Show the steps of your calculation.
10. Using factor tree method, find the prime factorization of 40.
11. Using division method, find prime factorization of 52.
12. Write all prime numbers, even numbers, odd numbers and composite numbers between 40 and 80.
- 13. Complete the following:**
- a) 5th multiple of 3 is _____.
- b) 3rd multiple of 5 is _____.

SCIENCE

1. Read and Learn Chap-1,2 for UT – 1
2. During your summer break you will celebrate the World Environment Day.
3. Do the following Projects :-

1. Make a Mini Model of a Roti Bank (Roll no 1 to 16):

- Use a small cardboard box as the Roti Bank.
- Add labels like “Drop Rotis Here” and “Serve the Hungry”.
- Place small round paper rotis inside.

Science Behind Roti Bank – Save Food, Serve Humanity

To understand the science of food storage, food preservation, hygiene and nutrition through the concept of a Roti Bank. It teaches us how science (like food safety and health) and kindness can go hand-in-hand to build a better world.

2. “Smart Garden – Grow Your Own Food & Feed the Future!”

Grow a small garden using minimum resources. (Roll no 17 to 33)

To show how we can grow healthy food at home using simple, eco-friendly methods, helping to solve future food problems.

Materials Needed:

- Plastic bottles or pots, Soil, Seeds (tomato, spinach, or coriander), Water, Recycled water drip system (e.g., a water bottle with holes), Labels and chart paper
- How It Works:

1. Plant seeds in the soil inside recycled bottles or pots.
2. Create a simple drip irrigation system using a plastic bottle to save water.
3. Monitor growth daily.

Social- Science

Note: Learn chapter 1, 2, 3 and do written practice.

Learn states and capitals of India and locate and colour on political map of India.

Syllabus for Unit Test : Chapter 1 , 2

1. Make an appreciation card for any one of member of your family and write any value that you would like to imbibe.
2. Collect pictures and information about the migratory birds / animals and make a collage. **(Based on Chapter-2 Human migration)**
3. Find out and write the names of some organizations that help the victims of natural calamities on A4 size sheet.
